PROFILE

My name is Xavier and I have been a digital enthusiast since childhood. From an early age, I explored internet browsing and played many games, which allowed me to develop various skills and understand the programming behind them. In addition, I acquired extensive knowledge on how to use websites, as well as a great deal of experience in user interface, easily distinguishing between good and bad user experiences.

WORK EXPERIENCE

📅 03/2017 - 08/2017

📍 Portugal

Shoe Designer Rokefil

During my internship at the company, I worked as a footwear designer and followed the entire process of creating new models, from planning to the final design stamping on the footwear pieces.

📅 03/2018 - 08/2018

📍 Portugal

PHP Software Developer / Wordpress Cyber1 Group

During my internship at the company, I worked as a PHP programmer on a CRUD software, carrying out bug fixing processes and implementing new functionalities. In addition, I also worked as a WordPress developer, creating and developing projects on the platform.

📅 03/2019 - 08/2019

📍 Portugal

PHP Web Developer Cyber1 Group

During my internship at the company, I worked as a PHP programmer on a CRUD software, carrying out bug fixing processes and implementing new functionalities. The software was developed under Laravel framework.

PROJECTS

Website - Fisioterapia Elsa Martins

📅 06/2022 - 10/2022

🌐 <https://fisioelsamartins.pt>

🌐 Wordpress

The project consists of developing a website for the company Fisioterapia Elsa Martins. This website is an online platform for the company to promote its physiotherapy and rehabilitation services, and provide information about the clinic, its team, and its mission.

Website - Redemovel / Arpuro

📅 11/2018 - 02/2019

🌐 Wordpress

🌐 <https://redemovel.pt>

🌐 <https://arpuro.pt/clima>

The project consists of developing a website for the company Redemovel and Arpuro. The website will be an online communication and marketing tool for the company, where its customers can learn about its products and services, as well as obtain information about the company and its values.
